AT THE HIGH SCHOOL

DR. RUSSELL ADDRESSES ASSEMBLY ON NEED OF PLANTING VEGETABLES

What might be termed as an agricultural assembly was the nature of the one held Wednesday morning during the third period. The purpose of the meeting was to stir interest among the students in regard to planting vegetables. Dr. Jessie A. Russell, who is the chairman of the county general gardening committee, was the speaker of the occasion, and she succeeded quite well in illustrating the necessity of such a vital question. She cited the fact that in the case that Los Angeles would be blockaded by foreign enemies there would not be enough food in the warehouses to supply Southern California for more than ten days. She further stated that this reason along with the financial problem of the situation should be of sufficient interest to the students so as to stimulate enough enthusiasm in every boy and girl of Glendale to plant a garden.

After the assembly Dr. Russell signed up those students who desired the use of a vacant lot. These lots had been previously donated to the cause by their owners, and are to be cultivated under the supervision of the Glendale Street department. About thirty-five boys and ten girls have already agreed to turn themselves into farmers.

Our champion doubles tennis team, consisting of Carlton West and William Balthis, left Wednesday morning for Nordhoff, where they will compete in the annual Ojai Tennis Tournament. Both boys have been going like a streak of lightning of late, and they give fair promise of returning home the champions of Southern California.

Our baseball team was defeated Wednesday by St. Vincent's college in one of the most ragged exhibitions ever put forth by our young athletes. Although the score was 8 to 1 only two of the visitors' runs were earned, seven errors on our side throwing the game completely away. Eckles made a bad showing, being chalked up with no less than four errors.

Wednesday afternoon the scene shifters of the school journeyed to the studio of Mr. Morton, where they had their picture taken for the Stylus. The baseball team is the next to face the camera, their turn being scheduled today.

THE GLENDALE LAUNDRY

A visit a few days ago to the Glendale Laundry at the corner of Arden Ave. and Columbus St., Glendale suggested to the mind of the editor of the Evening News that this is a real live institution. The room is large, well lighted and exceptionally clean. More than forty men and women were busy in the different departments systematically at work. These men and women are residents of Glendale and comprise the very best class of citizens. Many of the girls employed are graduates of the High school, and all are intelligent and competent to do the work at hand. W. E. Hewitt, the proprietor is a business man of marked ability and is identified with all projects which are for the upbuilding of this community.

MAY LOCATE IN GLENDALE

Mr. and Mrs. George Freed and daughter Miss Francis of Connellsville, Penn., are visiting at the home of their cousin, Miss Mary De Muth, of 1621 Colorado St. The Freeds have been touring the south and southwest, visiting New Orleans during the Mardi Gras festival and stopping off at El Paso, made several side trips from this point to places of interest in Old Mexico. They report everything quiet along the border, but soldiers here, there and everywhere on both sides of the boundary line. They expect to remain in Glendale a few weeks sight seeing and may decide to make this or some other southern California point their future home.

MEXICAN SCARE IN TROPICO

The people of Tropico were thrown into a fever of excitement Wednesday when about fifty Mexicans arrived in town. They came in three squads and pitched camp near the tile works.

But the uneasiness was allayed when the city marshal investigated and found out that the factory had a rush order and had telephoned to a Los Angeles Employment agency for more help, hence the cause of alarm was really the sign of prosperity in Tropico.

SOUTHERN PACIFIC SHOWS GAIN

GROSS REVENUES FOR 1916 EXCEED PREVIOUS YEAR BY TWENTY-ONE MILLION DOLLARS

(Special Service to Glendale Evening News)

SAN FRANCISCO, April 19.—The annual report of the Southern Pacific for the year 1916 shows that the gross revenues of the road exceeded the previous year by $21,000,000. This was the biggest year in the history of the road. The report says automobile competition reduced the earnings of the road more than a billion dollars.

NEWLY MADE BENEDICTS NOT EXEMPT

"SLACKERS" WHO MARRY TO ESCAPE MILITARY SERVICE DO NOT GAIN THE DESIRED END

(Special Service to Glendale Evening News)

WASHINGTON, April 19.—The war department has made a ruling that all men married since the outbreak of the war will be treated on the same basis as unmarried men in so far as military obligation is concerned.

RUSSIA TO CONTINUE FIGHTING

FOREIGN MINISTER OF NEW GOVERNMENT DECLARES IN FAVOR OF ANNIHILATING MILITARISM

(Special Service to Glendale Evening News)

PETROGRAD, April 19.—Welcoming the French and British labor delegates, the Foreign Minister declared that the Provisional government will continue its part in annihilating German militarism, with the greatest intensity.

DEMAND WAR PROHIBITION

NATIONAL DEFENSE COMMITTEE ASKS PRESIDENT TO STOP MANUFACTURE AND SALE OF LIQUOR

(Special Service to Glendale Evening News)

WASHINGTON, April 19.—The National Defense Committee to-day recommended that the president take steps immediately to stop the manufacture and sale of liquor. It has not been determined if the president will be asked to issue a proclamation to this effect or to use emergency legislation to bring about the desired result. Such action would liberate six billion pounds of grain for food annually.

FORCE DOOR OF NAVY ROOM

SPIES GAIN ENTRANCE TO SENATE NAVAL COMMITTEE HEADQUARTERS BUT MAKE NO DISCOVERIES

(Special Service to Glendale Evening News)

WASHINGTON, April 19.—The door of the Senate Naval Committee room in the navy building was jimmied open last night. This is believed to be the work of spies seeking plans and other information. Nothing confidential was kept in this room. The building is heavily guarded.

GERMANS IN BRAZIL REVOLT

BRAZIL AND URUGUAY ARE MASSING TROOPS TO DEAL WITH TEUTON UPRISING

(Special Service to Glendale Evening News)

BUENOS AIRES, Aprl 19.—Uruguay dispatches say Germans, well armed and with considerable artillery, are revolting in three Brazilian states and are attempting to dynamite railroad bridges. Brazil is massing troops and Uruguay is mobilizing troops on the frontier to stop any attempts on the part of the Germans to cross the border. Brazilian censorship is withholding details of the uprising.

STUDENTS WORK IN BEET FIELDS

LOS ANGELES HIGH SCHOOL BOYS EXCUSED TO HELP SAVE VAN NUYS CROP

(Special Service to Glendale Evening News)

LOS ANGELES, April 19.—Three hundred students of the local high schools were excused this morning by the Board of Education in order that they may go to work to save the Van Nuys beet fields which are endangered owing to the scarcity of Mexican laborers.

ARMY BILL BEFORE HOUSE

(Special Service to Glendale Evening News)

WASHINGTON, April 19.—The House Military committee through Chairman Dent has formally presented the army bill in the house. The bill will come up in the Senate Monday. It provides that males from 21 to 40 are eligible for military service. Eighteen hours general debate in the Senate has been agreed upon with further debate under the five-minute rule.

TERRORS BY NIGHT

HOME GUARD COSSACKS RAID SEVEN CITIES OF THE PLAIN

Walt. Le Noir Church.

Commissioned by Glendale's "Little Father", two Auto-Cossacks of our Home Guard raided The Seven Cities of The Plain—but only with the ferocity of friendliness; bent on getting seven more municipal endorsements to the Glendale-proposed Enabling Act by which the California Legislature will authorize municipalities to tax the whole population for public protection, instead of allowing The Many to stand from under, and let the public burden be borne by the few.

Did those Auto-Cossacks get there? Well, believe me, they did; as surely as the Cadillac lacks nothing; and as certainly as the lost secret of Lucullus has been rediscovered by a certain Long Beach caterer to the inner man.

For the inspiration given to aspirers in witnessing lowliness raised to mightiness by the magic hand of California opportunity, that discriminating Cadillac glided with us through the royal city domain of D. "the oil-wagon driver" aladined into D. "the Oil King." The end glorifies the means. Watch for oil wells in sight of Glendale.

The way to El Segundo, the White City, is made astounding by hundreds of great gleaming tanks holding each fifty thousand barrels of cashible wealth yielded to Him Who Hath, by the inexhaustible oil shales of California; (parts of the undiscovered which underlay Glendale the Beautiful, slated by fate to become Glendale the Mighty.) The said Cossacks were welcomed by Sidney R. Martin, President Board of Trustees, in El Segundo-by-the-Sea, the chosen place for assembling and shipping the oil to be financially coined into countless millions.

First Cossack: "Mr. Martin, this is Walt. Le Noir Church, Secretary of the Glendale Chamber of Commerce, and I am just a plain citizen of Glendale." Second Cossack: "Pardon, for butting in—but—Mr. Martin, this is Mr. John Robert White of the California Furniture company in Los Angeles, one of Glendale's most prominent citizens delegated by her Board of Trustees to present to you that resolution—Excuse me."

Well, you ought to have heard the "plain Citizen" present that resolution. Inside of three minutes, Mr. Martin was eager to do anything in reason, to get that petition endorsed by his city council, who would meet that night, and also by El Segundo's Mayor, the Hon. C. E. Reuger, whose broken leg confines him to the Sisters' hospital. El Segundo has sixty deputy marshals under the police law. They are badged by El Segundo; but equipped, and otherwise made comfortable and happy by the munificent owners of the big tanks which make Ed Segundo entitled to that shining name, "The White City," whose thousand population could quickly supply a couple of hundred more such sworn-in guardians of peace, persons and property, if necessity demanded.

The Cossacks next tackled the Dougherty Brothers, the Big Four who so ably manage the municipal affairs of the 500 winter citizens at Manhattan Beach, El Segundo's next door neighbor.

We met in the real estate office of "C. A.", whose white and black business card bears alluring sepia suggestions of "The Beach Worth While," with lightly-clad sirens sporting in the caressing waves. In less time than it takes to tell about it, the Plain Citizen had president of the board, F. S. Dougherty, pledging himself and his 500 myrmidons to support Glendale's laudible efforts for the public weal. The noble F. S. informed us, in his good old Celtic way: "I have already taken steps to arm my people. Just ordered fire arms—two automatic thirty-twos—one for the marshal, and the other for the guy that guards our reservoir. The gun the two of them had betwixt them, was so big neither of them would carry it; and once when it was needed, it wasn't where it could be flashed."

Can you beat it?

The beach next in line is Hermosa, well-named the beautiful. There, George F. Orgibet is manager and editor of the Hermosa Beach Review, secretary of the Chamber of Commerce, member of the Board of Trustees, General Utility Leader, and all-around good fellow. He and Charles E. Hill, D. D. S., and Vice President of the Chamber of Commerce, assured us that the Resolutions would be endorsed last night and promptly forwarded to Glendale.

AT STATE CAPITAL

ECONOMY IS SLOGAN IN ASSEMBLY—RIVERSIDE FARM SCHOOL LOST

SACRAMENTO, April 19—Because of the administration's policy of retrenchment, there will be no appropriation during the present session of the Assembly for a university farm school near Riverside. Henry W. Wright, chairman of the ways and means committee of the house, made this announcement today. Wright is in favor of the farm school, but says it is necessary to hold down all expenses at this time.

The slogan of economy is being taken up by all members of the assembly and many bills which might otherwise have got through are being pigeonholed.

Rigdon's hide and brand bill, designated to prevent cattle stealing, is up in the assembly, having passed the senate.

As the session draws near to a close, both houses are staging a grand rush. Next week, the last week of the session, the assembly will cease consideration of assembly bills and will act only on senate measures. The senate, during the same period, will act only on assembly measures.

Among the bills awaiting the governor's signature is the one providing for leasing of school lands by the state. These are approximately 750,000 acres of vacant school lands in California, located in 47 counties. Most of these acres are valuable for grazing purposes. The stockmen suggested the drafting of this bill. The money received by the state for leasing the lands for grazing purposes will bring thousands into the state school land fund and will not interfere with the sale of the lands.

The assembly having killed the compulsory mediation bill, it is now expected the senate will dispose of the anti-injunction bill in like manner. Thus the final score of the present session, so far as Labor and Capital are concerned will be:

Labor, 0; Capital, 0.

ANNIVERSARY SURPRISE

Mr. and Mrs. Chas. Ravenscroft visited several of the Beach cities on Wednesday, April 18. While they were away Mrs. Lawrence Ellis of 537 S. Kenwood street made her home beautifully inviting with roses of pink, setting the table with a dinner for eleven. Orange blossoms formed the center piece. Miniature horseshoes twined with the same blossoms were at each plate bearing the names of the guests of honor, Messrs W. G. Black, Clement Moore, Percy Priaulx, Lawrence Ellis, their wives, and the little grandson, Robert Ellis.

The occasion was a happy surprise upon the 39th wedding anniversary of Mrs. Ellis' parents, Mr. and Mrs. Ravenscroft, and was greatly enjoyed by them on their return from the day's outing.

PINK LUNCHEON

Mrs. G. D. Roach entertained at a very delightfully appointed one o'clock luncheon, Tuesday at her home, 1428 Lomita avenue. The table decorations were of exquisite pink roses and the same flower and color were used in the place cards and other decorations. Covers were laid for six and after the delicious five-course luncheon had been served, bridge was enjoyed by the guests. A happy feature of the afternoon were the sweet songs with which the hostess favored her guests. Mrs. F. D. Warner, Mrs. Charles Burnham, Mrs. Lanman of Columbus, Ohio, Mrs. Frank Ayars, Mrs. R. A. Puffer and the hostess were those who enjoyed this pleasant affair.

EIGHTH BIRTHDAY

Little Dorothy West was hostess Tuesday afternoon to sixteen of her little friends at the home of her parents, Mr. and Mrs. C. E. West, 838 San Rafael, the occasion being her eighth birthday anniversary. Decorations were of pink and white and a most jolly afternoon was enjoyed by the merry company. All kinds of goodies were served on a most elaborately decorated table, with a great basket of pink roses as a centerpiece and ferns and Cecil Bruner roses strewn upon the cloth. Mrs. C. Campbell assisted Mrs. West in entertaining the young guests.

WEATHER FORECAST—Fair tonight. Friday increasing cloudiness. Northerly winds.

GLENDALE, CALIFORNIA, THURSDAY, APRIL 19, 1917

CANADIAN PARLIAMENT CONVENES TO-DAY

The outstanding feature of the session of the Dominion of Canada parliament which opened this afternoon, will be the annual budget statement presented by Sir Thomas White, minister of finance. Sir George Foster, who opened the session, is acting premier during the absence of Rt. Hon. Sir Robert Borden at the Imperial war conference in London.

The budget will show that Canada's trade for the past twelve months has been well over the two billion dollar mark, for the first time in history. It will also evidence the Dominions' wonderful war vitality; for the balance of trade in her favor during the fiscal year will be shown to be in the neighborhood of $350,000,000—a sum almost equal to the year's war expenditure, which has averaged somewhat over one million dollars a day.

It is regarded as unlikely that there will be any considerable changes in tariff, but it is probable that an additional impost will be placed upon munition makers. In addition there may be a fresh levy upon race tracks and other amusements as a war measure, although it is almost certain that the Willcox bill, to prohibit racing, will be dropped.

New legislation will, it is understood, include provision for returned soldiers. The details of this are still sub rosa, but will probably include federal schemes for vocational training and the settlement of such as desire upon the land under a system which will provide the necessary capital for the development of the grants made.

A scheme for assisting in the rapid development of Canada's shipbuilding industry will also be brought before the house. It may take the form of a Federal subsidy or the relaxation of duty on all material necessary for the construction of tonnage . Canada is ideally situated for the construction of vessels both of wood and steel, and plans are to be laid for the perpetuating and extension of this industry. At the present time contracts amounting to over sixty millions of dollars have been placed in Canadian yards, including a British Government order amounting to $25,000,000.

A further debate on the Ross Rifle, the original arm of the Canadian Expeditionary Force, is assured, and it is a foregone conclusion that Lieutenant-General Sam Hughes, former minister of militia, will be "Johnny on the spot" in the defense of his favorite arm. This will probably prove one of the warmest debates of the session.

The Opposition is likely to introduce the Justice Galt report censuring Hon. Robert Rogers, minister of public works, and may even go so far as to demand his removal.

Railway legislation will be introduced for the purpose of consolidating the Canadian Railway Acts.

SEARCHING OUT GERMAN NAVAL BASE IN BRAZIL

Atfer numberless rumors and unconfirmed reports regarding naval bases said to have been established by German raiders and submarines on the coast of Brazil, what appears to be a reliable story of such a base has reached Rio De Janeiro. The story is vouched for by Colonel Jose Maria da Silva, proprietor of a large plantation on the Ilha de Maraca, which is said to have been the rendezvous of several German ships at various times since the beginning of the war.

The Ilha de Macara is separated from the northern coast of Brazil by the Carrapaparis Channel. Three German warships anchored in this channel for several days during the first year of the war, and have used the hiding place several times since, the last time being during February this year.

He declared that fresh meat was furnished the ships by several cattle raisers, that the ships took water and made repairs. Tropical jungle climbs precipitous slopes of land so that ships masts or funnels are completely obscured when the ship lies close in to shore.

Colonel Silva reported that officers from the first German ships to use the hiding place embarked in gasoline launches and made careful soundings of the channel and the entire neighborhood of the island, and that they made detailed maps from their observations.

With the publishing of Colonel Silva's statements the Brazilian cruiser "Tymbra" was despatched to the scene to verify the story and protect Brazilian neutrality.

Reports indicating that the raiders are still active in the South Atlantic continue to arrive, the latest being a telegram from Belem, a city near the mouth of the Amazon, saying that a naval battle had been fought within sight of that city. The report stated that it was believed that the engagement was fought between the French cruiser "Greydon" and the German raider.

PRAISE CENSOR'S WISE COUNSEL

From time immemorial the news censor has been "cussed" by the newspaper man. Cases when his work has been appreciated are so rare as to be well worth recording.

Twenty-nine Washington newspaper men on the State, War and Navy "run" recently wrote a letter to Secretary of War Baker in appreciation of the services of Major Douglas McArthur, the official War Department censor. The letter, praising the "unfailing kindness, patience and wise counsel" of the Major, bears the autographs of the 29 men.

Secretary Baker, who has found Major McArthur invaluable as an advisor and aid, expressed a wish that the letter might be manifolded and distributed broadcast as a proof that real service is appreciated even though it may come from a news censor.

AWAITING AN OPPORTUNITY

Many men are ready and willing to offer their military service to the United States who in ability will surpass or at least compare favorably with the greatest men of the past. There are men who are awaiting the development of conditions. Circumstances make men, providing the material is in them for the making. Without the Revolutionary War there would not have been a Washington, and without the Civil War there would not have been a Grant.

TERRORS BY NIGHT

(Continued from Page One)

Hermosa has 100 deputy police, armed, at present, with six riot guns—sawed off shot guns. (Oh, no; not six guns to each man.) More fire arms coming. The beaches have neighborly plans to unite in emergency.

Mr. Orgibet has the excellent idea of permanently maintaining the Hermosa Home Guard as a booster organization, before, during, and long after any open hostilities.

The Cossacks were assured that these Hermosa-endorsed resolutions would be in Glendale some time today, with the very best wishes of Hermosa who annually entertains so many of Glendale's best citizens.

At this un-seasonable season, Redondo, the Gay, suggests a sleeping Nautch Dancer. The Cadillac felt that impression, and softly glided through the silent streets which it had often seen at their very liveliest—as if it feared to start something which it was then too busy to consider.

Redondo's mayor was in Los Angeles; Louis Molnar, president of the City Council was unavailable; but the affable, efficient Secretary Walton, of Redondo's Chamber of Commerce, promised to see the City officials that night, and forward the endorsed resolutions to Glendale immediately.

Redondo has 125 Home Guards drilling regularly under Police President Malter. They can get quick action, when necessary. At Compton, the President of the City Trustees, W. R. McKee, said he would take up that resolution at once, have it properly endorsed and send to Glendale, in which beautiful city Compton is particularly interested, because her Master Engineer, Ed. Lynch, has so ably done about one hundred thousand dollars worth of public improvements for Compton, within the last two years—before which there was "nothing doing in Compton." "Compton is the oldest town on the coast. And one of the smallest. But Ed Lynch helped wake us up. "Ed is A. 1," so says McKee. Compton has a lot of boys in the Coast Guard, at Fort McArthur, near by and so feels reasonably safe at present.

In absence of J. S. Lang, president of the Watts Board of Trustees, the accommodating Clerk Franklin took up the resolution, and will have prompt endorsement given, in the name of Watts' 3500 citizens who badly want a Home Guard. They are near the barbor, where there will be strenuous times if the war is brought into America.

The treasurer of Watts is Miss Sarah A. Smith. This is her third term. Not in politics before, she had greatness thrust upon her and then nobly achieved it.

Always a staunch Republican she voted against Woodrow Wilson, but now is enthusiastically for him, first, last and all the time.

But the surprise of yesterday for the Cossacks, was at Long Beach, after beach appetites were satisfied by viands not previously found on land or sea.

Up to date on everything else, Long Beach found what was new and satisfying in the Glendale Resolution, and her Chamber of Commerce eagerly took it up, and promised "On the faith of a Ballard," whose word is never broken, to do what was asked, pronto.

Monday night two of the Terrors-that-hum-in-the-dark flew low over Long Beach, making brave hearts chill with doubt, if not with real dread. Their identity and mission remain a deep, disturbing mystery which stimulates the Pep in the twice-a-week-steps of their 150 Home Guards.

PARLIAMENTARY SECTION

Mrs. H. E. Bartlett, president of the Tuesday afternoon club, is in receipt of an invitation from the Parliamentary law department of Los Angeles Ebell Club asking the members of the Parliamentary section of the Tuesday Afternoon club to be present at their regular meeting Monday, April 23, from 10 to 12, signed by the secretary, Mrs. W. D. McConnell. Mrs. Bartlett urges all the members of this section who can do so to accept this invitation.

W. C. T. U.

The Glendale city union will meet Friday, April 20, at 2:30 p. m. at the home of Mrs. L. M. Warner, 624 Adams street, near Colorado. The subject for the afternoon is, "The local union the power house." Race Betterment will be the theme of Mrs. Kara Smart Root who will address the union. All members are urged to be present and friends will be welcomed.

SURPRISE HOUSEWARMING

Mrs. C. B. Wilde, recently domiciled in a new home at 1331 Milford, was a very greatly surprised lady Tuesday afternoon when a number of her out-of-town friends appeared uninvited, with all of the accessories necessary for a lovely party. The affair was in the nature of a housewarming and shower and was very charmingly carried out. The guests were Mrs. George Thompson, Mrs. Frederick Groton, Mrs. Harry Schultz and Mrs. Frank Thompson of Huntington Park; Mrs. R. L. King, Mrs. Charles Terry, Mrs. R. R. Bowles of Los Angeles; Mrs. J. Riley Eichar of Venice and Mrs. George Moore of Glendale.

HORSESHOE CLUB NOTES

Next Saturday. the 21st, five teams from the celebrated Long Beach club will visit the home club and play a match of 50 games. If the teams are going well, this should be interesting as the Beachites are a strong combination. It will keep the home boys on the job every minute to win. Remember, we now have taken three in a row. Make it four. You can do it. Keep your nerve, and your eyes on the peg, and remember a ringer counts 3 points, and every ringer you kill for your opponent loses him 3 points. This is a pointer for points and it only takes 21 to win a game. Contest commences at 2 p. m.

More improvements of the ground this week and others contemplated.

Here is one on Porter. He concluded he wanted some real, old-fashioned morning glories on the grounds. He planted them all right and lo and behold they came up nasturtiums.

Mr. McBrian, a member of the club, who has been spending the winter months in Glendale, will in about ten days return to his home in Canada. He likes California and Glendale and will return next year for the winter. He thinks the U. S. and Canada should be one country.

NICOLES.

MAY WE BE GUARDED

Dedicated to the Home Guards and Guardians, both Men and Women.

Guided in the right direction,
Guided as we need protection,
Guided safely, guided long,
To make us honest, brave and strong.

Ask of God for daily bread,
From wisdom's crumbs may we be fed.
Submit to order, cling to good,
Peace, love, harmony, a perfect selfhood.

Let all our aims be high and pure,
'Twill give us courage to endure,
Yes, keep our conscience clear and bright
As the twinkling stars of night.

Stoop to nothing base or low,
That the good may sprout and grow,
Blooming freshly day by day,
Scattering fragrance on our way.

When our patriotism need is o'er
This broader life forevermore,
Upward, onward in our flight
Ever laboring for the right.

KEEP YOUR FLOWERS

Some women seem to have a magic way with flowers. They can throw in seed and blooms will spring up. They can wear a corsage bouquet a whole evening and never have it wilt and, as for cut flowers, they can keep them for weeks, it seems. Some one has said that it is the true flower lover who has such luck, and of course a woman must love flowers to want to have them and keep them, but sometimes, in spite of the best intentions, they do not know how to give cut flowers long life.

There are several secret methods which flower lovers practice to keep the cut blooms fresh beyond the usual length of time. Every one knows that to cut off a bit of the stems of flowers every day before immersing them in fresh water will prolong their life. Every one does not know, however, that with woody stems it is a good plan to peel or cut away part of the hard bark so that the stem can absorb moisture.

A night bath for sturdy blooms is refreshing. Throw them, flowers and all, into a basin of clear water.

The hot water bath will bring apparently wilted blooms to life. Place the cut stems of the flowers in a jar of steaming hot water and allow them to remain there an hour or so until the water has cooled off. If the flowers are very wilted a lump of camphor in the hot water will sometimes react upon them quicker. Salt water will revive some flowers more quickly than anything else.

A corsage bouquet which cannot be untied can be sprinkled with water and kept in the icebox over night.

A florist gives the following way of keeping blooming flowers for several weeks: Stick the stalks of the flowers in several inches of damp sand which has been placed in a bowl. Cover them with a glass jar or tumbler and move to a cool place where the sun will not reach them.

Flowers benefit by massage. The Japanese find this a successful way of training blossoms with soft stems in the way they should go.

Never keep flowers in a warm room over night or in the bedroom either.

GAY COLORS

Delicate shades and dainty patterns have vanished from sport costumes. It's a splash of brilliant color today and the most daring of designs. Gone are the sprays of rosebuds and sprigs of forget-me-nots, instead we have big dots, wide stripes, bold checks and curious Chinese, Japanese and Egyptian symbols.

Shantung, so fashionable, is striped in the loudest colors or showing a big embroidered dot. There are cottons with a crepe weave, and cottons and tussahs combined, splashed with dots in colors that fairly dazzle the unprotected eye. Circles both on cottons and silks, are favored.

WHY THE COCOANUT HAS EYES

Who can tell why the cocoanut has three eyes? Luther Burbank explains it this way:

Cocoanuts generally grow at the edge of the sea or rivers. The nuts are surrounded with a thick husk with a waterproof covering, so that when they drop into the water they will float. In floating the three eyes are always on top.

Once in the water nature gets busy. From one of the eyes there comes a shoot, which develops broad leaves like sails. The wind catches the sails and wafts the cocoanut on a journey sometimes many miles long. As it sails the other two eyes develop roots, which at first grow among the fibers of the woody husk.

In good season the cocoanut is swept upon another shore, perhaps on another island. The roots embed themselves in the soft earth, the sail becomes the trunk, and a cocoanut palm is growing where none grew before.

The regular meeting of the Acacia Avenue Mothers' Club to have been held tomorrow afternoon, has been postponed until Tuesday May 1.

Mrs. Ada Morrison, widow of the late Dr. A. B. Morrison, and Mrs. J. E. Henderson of Glendale attended the Methodist conference in Los Angeles on Tuesday of this week.

A copy of the Evening news of Saturday, January 13, 1917 is needed at the News office to complete the files. 10 cents will be paid for a copy of the paper bearing that date.

Mrs. John Paul of 533 Orange street entertained Mrs. Pearl Stacy and her father from Bakersfield on Wednesday. Mrs. Paul and Mrs. Stacy were former schoolmates in the east.

Rev. W. W. Catherwood who is conducting the special meetings at the Baptist church will hold an open air meeting at the corner of Brand Boulevard and Broadway, Friday evening at 7:15.

There is displayed in the window of the West Coast Art Co., 1005½ West Broadway a large reproduction of a painting by Plockhurst. This crayon drawing was made by Rev. Mottern as an altar piece in the new Lutheran church, corner Fifth and Maryland.

The Glendale Branch of the Woman's Auxiliary of the Episcopal church will meet Friday afternoon at 2:30 at the home of Mrs. S. W. Johnston, 512 S. Brand Boulevard, Tropico. Members are asked to bring thimbles as comforts are to be tied for the Children's home.

Junk peddlers are getting very numerous in Glendale and recently some of them have become very annoying to the housewife and are in many cases insulting. One arrest has been made and strict vigilance is being exercised by the police department to apprehend all peddlers who do not conduct themselves properly.

Mr. and Mrs. A. C. Brown of Estherville, Iowa, were week end guests of Mrs. J. M. Border of 231 So. Louise St. Friday evening Mrs Border and Miss Bartlett entertained at 500, in their honor, those invited being, Mr. and Mrs. H. E. Bartlett, Mr. and Mrs. W. Hunt, Mr. and Mrs. W. W. McElroy, Mr. and Mrs. Geo. Carter, and Mrs. P. M. Petersen. Mr. and Mrs. Brown leave next week for their Iowa home.

TENTH ANNIVERSARY

Mr. and Mrs. W. E. Evans entertained at their home, 113 Orange street, on Wednesday evening, April 18th, with a formal dance in celebration of their tenth wedding anniversary.

The home was decorated throughout with long sprays of Cecil Bruner roses, together with bowls of pink Cochet roses.

The living and dining rooms were given over to the dancers. Delicious punch was served in the dining room. In the breakfast room a lovely table was set in a color scheme of pink and white, from which heart shaped ices, cakes and coffee were served, buffet style. In the center of the table was the bride's bouquet of white roses and maiden hair fern which was supported by a tall crystal vase. Falling from the bouquet to the mirror beneath the vase was a shower of orange blossoms caught in streamers of white tulle.

After the guests had been served, the hostess representing the bride of ten years, threw the bride's bouquet into a group of young ladies. Miss Elisabeth Wheeler was the fortunate one who captured the bouquet and the honor of being the next bride. The same bouquet tossed to the young bachelors was caught by Mr. Owen Emery, and very gracefully returned to Miss Wheeler.

After the merriment subsided the hostess struck the only serious note of the evening, reminding the guests of the National crisis by announcing an original dance, called the Red Cross dance. She asked each gentleman who desired to participate should deposit 25 cents on top of the Victrola, the entire collection to go to the committee on Hospital Garments of the Glendale Auxiliary, American Red Cross. To the honor of the patriotic gentlemen present be it said this was the most popular dance of the evening.

Those present were: Mr. and Mrs. H. P. Goodwin, Mr. and Mrs. A. D. Pearce, Mr. and Mrs. W. N. Stamps, Mr. and Mrs. W. Q. Roberts, Mr. and Mrs. A. L. Weaver, Mr. and Mrs. L. A. Phillips, Mr. and Mrs. J. G. Hunchberger, Mr. and Mrs. Thomas Furst, Dr. and Mrs. H. R. Boyer, Dr. and Mrs. Nathaniel Green, Mr. and Mrs. Lawrence Eliis, Dr. and Mrs. E. F. Tholen, Mrs. J. K. Wheeler, Miss Elisabeth Wheeler, Miss Evangeline Hunchberger, Miss Winnifred Jones, Mr. James Henry Isle, Mr. Owen Emery, Mr. Arthur Abbott, Mr. Seymour Smith, Mr. Harold McElroy.

PHYSICAL EXAMINATION NOTICE

All men who have joined the Glendale Home Guards are requested to report at the office of Dr. H. R. Boyer, in the First National Bank building, Thursday or Friday evening, between the hours of 7 and 9 o'clock.

HARRY SCHENCK, Capt.

THEDE IS A LOYAL CITIZEN

G. E. Thede of 221 South Isabel street, Glendale, voluntarily obeyed the President's order and yesterday turned over to the city police a quantity of high explosives and chemicals for the manufacture of explosives. Mr. Thede is a manufacturing chemist and had been employed by an explosive manufacturing firm, but when the European war broke out the firm was unable to secure the raw material to continue their business, having quite a quantity of certain kinds of material which are now in the hands of the police department. In making his statement, Mr. Thede said that he felt it his duty to comply with the wishes of the President. While he has lived in California for the past 36 years and has grown children living here, yet he has neglected to take out naturalization papers, but he has recently declared his intention of becoming an American citizen and has sworn allegiance to the flag of his adopted country. Mr. Thede is very much in sympathy with all liberty-loving people and earnestly prays for a speedy termination of the great world struggle for liberty.

TO REDUCE COST OF GASOLINE

The Union Oil company is making quite a hit with its new coupon plan of selling gasoline, which saves the consumer a cent on each gallon of gas purchased and further protects him against any raise in price so long as his coupon book lasts. The consumer purchases a book containing $10 worth of coupons for $9.50, thereby saving a cent per gallon. Should the price of gasoline advance, additional coupons are issued to him to make good the difference. The company will also protect the purchaser against any fall in price. The coupons may also be used in the purchase of oils, distillate and kerosene and are good at any station where Union Oil is sold. The Mission Oil station, of which George Peters, Jr., is proprietor, is the local agent for the Union Oil company and he finds that this plan is being eagerly accepted by auto owners. Mr. Peters states that the coupons are good at any station selling Union Oil. He will be glad to explain the plan fully to any one interested.

PRACTICAL PATRIOTISM

Do not fail to attend the Garden Society meeting this evening at 8 o'clock in the library of the Third Street school. The president will show how to prove our practical patriotism. Punch will be served. A flower dance will be given by Dorothy McGinnis. Mrs. Isabel Jordan will speak informally of her recent visit to the Hawaiian Islands. Suggestions for the juvenile vegetable markets, for the rose show, for the wisest use of the acre of land offered to the Garden Society, will be considered. All members and friends are asked to put on their thinking caps and to contribute ideas for the benefit of the community. Would it be well to combine a vegetable exhibit with the rose show, in order to popularize the growing of home produce? In what way can the Glendale Garden Society best serve its country in these days of stress? This social, informal meeting is open to all, big and little, members and friends, residents and strangers. The fees are only 25 cents per year; but you will never be dunned for your money. The Lord loveth a cheerful given. Two bits will never stand between the Garden Society and its friends or the public. Everybody welcomed.

Morris E. Caruthers, Secretary.
Nanno Woods, President,

DEATH OF F. A. ACKER

Fred A. Acker departed this life April 17 at his late home, 1234 Berendo street, Los Angeles, aged 64 years. Mr. Acker was the first hard floor man in Los Angeles where he resided for thirty-one years. He was president of the Marshal Floor company and was prominent in business circles. Mr. Acker and family resided some years ago in Burbank owning extensive ranch property there and being well known throughout the valley. The deceased was a brother of the late Florence Stough, wife of the millionaire Stough of San Diego. He leaves to mourn his death a wife and daughter, Mrs. Florence Reynolds, also a sister, Mrs. James Ballanger of Los Angeles. Funeral services will be held Friday afternoon at 1 o'clock at 1138 South Figueroa street, the Jewel City Undertaking company of Glendale in charge.

DISPLAY THE AMERICAN FLAG

The people of Glendale are to be commended for the way in which they have universally showed their patriotism by displaying the national flag. There is scarcely a home or business house in Glendale but has the glorious emblem of liberty floating to the breeze. Yet there are four or five business blocks in town whose flag poles should be adorned with a large American flag. Let us hope that their owners get busy and adorn those vacant staffs with the red, white and blue.

CHAPTER L. OF P. E. O.

The announcement of a change of date for the next session of this organization is a mistake, the regular meeting taking place according to the program in the year book. The date is April 25th at 2:30, and the hostess is Mrs. May Chase of 438 S. Adams, with Mrs. Mollie Pirtle in charge of the program.

BROTHERHOOD BANQUET

The regular monthly meeting of the Brotherhood of the First M. E. church will be held this evening in the Social Hall of the church. A banquet will be served at 6:30, after which the regular business will be transacted. Dr. E. P. Ryland, District Superintendent of the Los Angeles District, will be the speaker.

THE SPECIAL MEETINGS

An increasingly large audience was present last night in the Baptist church and a very general spiritual interest was manifested in the preliminary meeting. This interest grew and was much intensified as Mr. Catherwood proceeded to speak on a great variety of important spiritual truths that cluster around the little adverbs "as" and "so." Three of them occur in the one hundred and third Psalm, one in Isaiah, and the others in the New Testament, including the famous "John three, sixteen." His urgent appeal for a personal surrender to the Christ who gave Himself "for the sins of the world" was again responded to by an open confession of faith, the response being made by a brother and sister who were present.

JAMES LYONS ENLISTS

Another Glendale boy has answered the call to the colors. James Lyons 911 Maple avenue has enlisted in the hospital detachment of the 7th Regiment, California National Guard and left Tuesday to join his regiment at the training camp on the Baldwin ranch at Arcadia. Mr. Lyons has been employed by the Home Telephone company in Los Angeles.

FREE SEEDS ARRIVED

The seeds promised by Congressman Charles Randall to the Glendale Garden Society have at last arrived, and are at present being housed in the Chamber of Commerce room. Distribution will be made on Saturday, at hours and under conditions to be stated in tomorrow's Evening News. The Garden Society has been invited to work in co-operation with the Women's Home Guard Auxiliary.

RESOLUTIONS OF RESPECT

We, the members of N. P. Banks Post No. 170 Dept. Col. & Nevada, do herein express the feeling of loss we have sustained in the departure of our comrade Bradford who was a good and true soldier, a faithful and true man in all the relations of life. "There is no exemption in this war." One by one we depart. Well for us all if when summoned away to the land beyond we are prepared to go to that country where no war is and where eternal peace and joy abides.

Resolved, That we hereby express our appreciation of our worthy comrade, Bradford, and extend to his family our sincere sympathy and devotion.

Resolved, further that we will seek to emulate his virtues and live for the cause that actuated him in his worthy living.

Committee: C. R. Norton,
A. H. Guernsey.
G. A. R. Hall,
April 14, 1917.

If anyone attempts to haul down the American flag, shoot him on the spot.—John A. Dix.

Notice To Our Patrons

On account of the tremendous advance in the cost price of all meat products and feeling it our duty to keep the retail price as low as possible, we will after the 15th of May discontinue the use of S. & H. Green Trading Stamps as premiums. We feel bound under the present conditions to operate our business as economically and as near the actual cost as it is in our power to do.

Facts and Comment

Governor Stephens has appointed Ralph La Porte, gymnasium instructor at the University of Southern California, temporary military drill master at the school. Drill will be practiced this week.

Russell B. Whitman, managing director Audit Bureau of Circulations, stated that though circulation is the life blood of the newspaper it must be based upon Reader-Demand and not contests or premiums, in an address made at a recent journalists' convention in Chicago.

A hospital for the children of soldiers and sailors in service of the Nation has been offered by Mrs. Robert H. Gaylord, wealthy Pasadena woman who proposes to convert her home 96 Los Robles avenue, into a refuge. Her husband has been offered a captaincy in the United States Engineering Corps.

A combination blanket overcoat designed by Bennet Russel of Middleport, O., the cost of which is $1.50 has been submitted to the approval of the war department, for adoption by the government. This if used will mean a saving of $3,750,000.00 on an army of a half million men. The regulation army overcoat costs $9.02 each.

The recently deposed Czar of Russia, Nicholas Romanoff, is said to possess a large private fortune of more than $2,000,000.00 which includes his holdings of fifty millions in Pennsylvania Railroad stock. Obviously his name does not appear among the corporation's stockholders. The former Czar deposited most of his actual cash in English banks.

The New York Women's section of the Mayor's National Defense recently passed some sensible resolutions regarding appropriate wearing apparel in war times. In substance it is: That all patriotic women be as economical as possible in the matter of clothes, and that all styles that incline toward foolish extravagance be taboo. Thus time and money saved on useless style expenditure may be used for the urgent needs of the Nation.

FIRST JUVENILE MARKET

The first juvenile vegetable market will be held next Thursday, April 26, in the afternoon, on the grounds of the Columbus avenue school, the day the Parent-Teacher association meets. Every child is asked to bring all the vegetables he wishes to sell, also cut flowers, home-made candy, eggs, in fact anything produced on the home grounds. Each child is to arrange his own counter, which may consist of one or two planks and a couple of apple boxes. Flags, etc., could be used to decorate the booths and a prize will be given for the best decorated booth. Every little merchant will be presented by the Garden Society with a patriotic flag pin. All adults are asked to take notice of this date and to encourage the children in growing vegetables by patronizing this market.

LA CANADA

In order to become a more unified organization, the La Canada Red Cross, which met last Tuesday afternoon at the home of Mrs. J. M. Howard of Michigan Ave., elected Mrs. Albert Lester as chairman of the organization and Mrs. J. Murray secretary and treasurer. These officers are only temporary as the La Canada Red Cross is but a branch of the Pasadena chapter. It is the wish of the La Canada union to become a separate branch as soon as possible.

Pasadena supplied an ample amount of sewing Tuesday afternoon to keep everyone busy the entire afternoon.

"There was so much enthusiasm shown," said one of the prominent members, "that I believe La Canada is going to have the best Red Cross organization in the county."

The meetings are held weekly. Next Tuesday afternoon at 2:30 o'clock the second regular Red Cross meeting will be held in one of the class rooms of the new school building. All the women are urged to come. Mrs. S. H. Goddard, Mrs. J. M. Howard, and Mrs. Howard Cooper have offered to bring their sewing machines in order that the women might accomplish more practical work. Chairs have been secured from the La Canada club hall.

The membership numbering thirty now stands as follows: Mrs. J. Murray, Mrs. T. F. Knight, Mr. and Mrs. J. M. Howard, Mr. and Mrs. Brigham, Mr. and Mrs. Penfield, Mrs. B. Jackson, Mrs. D. B. Scott, Mrs. R. S. Lee, Mrs. Bolton, Mrs. Geo. McMullin, Mrs. S. H. Goddard, Mrs. Phillips, Mrs. Hubert Bently, Mrs. P. H. Johnson, Miss M. Young, Mrs. W. Burr, Mrs. H. Hayman, Mrs. E. H. Brooks, Mrs. H. Horne, Mrs. W. Seright, Mr. Robert M. Cooper, Mrs. Max Green, Mrs. Metcalf, Mrs. Wm. Jewett, Mrs. Guidinger, Mrs. Kate Cooper, Mrs. Albert Lester, Miss Fannie Jewett and Mrs. Sargaent who belongs to the L. A. Red Cross is working with the La Canada organization.

The women wish also to thank Mrs. Howard for offering her home for the last two meetings.

A number of women almost threatened to form an artillery corps aften an accident that happened in La Canada a short time ago.

Mrs. Kate Cooper and Clara Armstrong were spending the evening alone at the former's home. Since the recent number of burglaries in the valley women do not spend many evenings alone without one ear continually cocked for mysterious sounds.

About 8:30 Mrs. Kate Cooper heard footsteps near the house. She notified her companion of the evening. Both listened. Without a moment's hesitation Mrs. Cooper had her hands on a gun. She called to the intruder, asking his name and what he wanted. No answer. She called again. Still no answer.

Two minutes later and three shots rang out in the night. Then the sound of footsteps ceased and the two women returned to the fireside, quite satisfied with the night's conquest.

The next day Mrs. Cooper discovered that the intruder was little Charles Olsen, age 13 years. The lad was harmlessly returning from the library to his home on Roy Ave., when he was startled by the voice of Mrs. Cooper. Charles was too frightened to answer. He only sought the padded silence of the soft grass and ran for dear life. Even if it was only a lad of 13, Mrs. Cooper had the right idea.

Under the auspices of the La Canada Valley club, a dance will be given May 5 at the old Hall on Michigan Avenue. Music consisting of a violin and piano has been secured from Pasadena. The valley people are all invited to come and bring their friends.

For the benefit of the Red Cross Orangeade day the La Canada women cleared over eleven dollars last Saturday afternoon when Mr. Bradford Jackson turned over his shop on Michigan avenue for the purpose of aiding in carrying out the County Red Cross Orange day.

Miss Fannie Jewett stood at the stand and served while Mrs. H. Cooped, Mrs. J. M. Howard and Mrs. J. Murray drew the attention to those passing, that Orangeade was for sale to benefit the Red Cross.

The Lamanda Park lemon picking crew, headed by Lopez of Lamanda Park, are now taking off the lemons in Mr. Shepherd's orchard on North Haskell street. After finishing with Mr. Shepherd's picking the crew will move on to Mr. Jesse Knight's orchard on N. Haskell street.

A crew of orange pickers has recently been organized by the Pasadena Orange Growers association. This body of men headed by Mr. Barnum of Fairview avenue, are now picking in Mr. J. Schefflin's orchard. If the rain discontinues the pickers expect to start on Mr. Shepherd's picking next week.

Hereafter the Flintridge stage line will, on its way to Pasadena, follow Michigan avenue down to Commonwealth then south through the Flintridge tract. This leaves out only a few families who are not within walking distance of the stage. The route from Pasadena to La Canada will be with no change.

After a six weeks' intermission waiting for the close of lent, the La Crescenta monthly dances began last Saturday night at the school house. These dances are given by the La Crescenta woman's club in a series of three. Only those who purchase a season ticket or who go as a guest of one who holds a season ticket are allowed at the dances.

Last Saturday they gave a cowboy dance. All those who were able rigged up something cowboyish.

The floor was well filled. About ten-thirty Mr. Nettleton, who is one of the spokesmen for the women, announced the sale of sandwiches, coffee, and pop out in the lunch room.

Among those from La Canada who took part in the festivities were, Misses Helen Cooper, Aldine Norton, Rowena, Lulu, and Katheryn Green, Dorothy Lester, Fannie Jewett, Mrs. Max Green. Messrs Bill Jewett, Robert Horne, Robert and Edwin Cooper, Lawrence Lester, Marion Lee and Max Green.

The La Canada Congregational church wishes to make it known that Saturday afternoon at one o'clock all the citizens of La Canada are invited to aid in cleaning up the church grounds.

Those interested in the church grounds are anxious to clear off some of the rubbish and weeds that have been there for the past six months. If possible Dr. Scott would like to plant out some vines, to try and leave a permanent improvement on the yard.

Accompanied by gay laughter and the "barker's" shouts, the La Canada Christian Endeavor Coney Island Fair, which took place Friday night, April 13, in the church basement, was an immense success.

The entire program was carried out on the plan of an April Fool's fair. The basement of the church was decorated with colored penants and crepe paper. On either side of the room amusement booths lined the walls. Everything from the fortune tellers to a "swimming" match between two girls. When the patrons entered each booth they were greeted with some kind of a fake. The only booths which were the real thing were the two fortune tellers and the lemonade stand. (The fortune tellers were the professional kind who never make a mistake.)

Aside from the amusement booths Mrs. Max Green gave two clever readings. Also the four colored minstrels, Robert and Edwin Cooper, Lawrence Lester, and Robert Horne entertained the audience with their comic ditties.

The most interesting thing about this fair was that, contrary to rules, everything was absolutely free of charge. It was almost unbelievable that anything so excellent could be given, these days, without a price tagged to it.

The C. E. expects to discontinue Sunday evening meetings this summer during July, August and September.

The La Canada Missionary Society held their regular meeting Wednesday at the home of Mrs. R. B. Waterman. The following officers were elected for the ensuing year: president, Mrs. R. B. Waterman; vice-president, Mrs. D. S. Scott; secretary, Mrs. S. H. Phillipps; treasurer, Mrs. H. L. Cooper. There were sixteen ladies present. Mrs. Phillipps conducted a study period which proved very interesting and was enjoyed by all present. The next meeting will be held at the parsonage on May 16th, with Mrs. Murry as leader.

TUJUNGA

By Wilmot Parcher

At an adjourned meeting of the railroad committee from Thursday night the week before, Mr. Ashby with Mr. Rowley as secretary, called the meeting to order. Encouraging reports were made and a subscription paper continued, with an added subscription to that of week before, amounting to $1,810 for the right of way. Several large subscribers have acknowledged their purpose of subscribing a little later on. After the railroad business was ended, the band struck up with several patriotic pieces, when the Home Guard question was entered into, and sixteen men subscribed to the roll of honor.

Asking the State Railroad Commission to fix reasonable rates and rules for the service of domestic and irrigation water to the complainants, the Monte Vista Valley Board of Trade and twenty-five landowners in and about the town of Littlelands, have filed a complaint with that body directed against the Western Empire Suburban Farms Association, which serves water in this district. The complaint states that the domestic system is inadequate for the needs and demands of the water users, notwithstanding that the association has sufficient water and funds to furnish an adequate system.

Commenting on the above complaint, M. V. Hartranft, President of the Western Empire Association, says:

"Practically this same group entered 23 suits about two years ago upon which we pressed for a hearing and ruling by the commission, but after repeated postponements the cases were all dismissed. In this case we shall file a counter petition so that the situation can be clarified for all time to come.

"While everyone here knows that we have the most perfect water system of any foothill district, yet to non-residents these trivial charges by an alleged Board of Trade will sound quite serious and its disadvantage to the community is apparent. A Board of Trade is the tongue of the community it purports to represent and becoming disgusted with management and withdrawing will not save a community from the perils and costs of misrepresentation. There are some very apt verses in Proverbs about unbridled tongues that I suggest to the local clergy as a very appropriate topic for sermons.

"The complainants allege discrimination in that the rates for domestic water to the townsite of Littlelands and to that portion of the colony east of Haines wash is one dollar for the first thousand cubic feet and only thirty-four cents for all additional thousands of cubic feet; while the rates charged to the colony west of the townsite are one dollar per thousand cubic feet for all water used from the domestic system.

"The complaint does not show, however, that we have a separate irrigation pipe line to the acreage tracts for irrigation water, which is delivered at 34 cents per thousand cubic feet. The demand is to serve all water through one pipe line, which, of course, cannot be done on large acreage tracts. The double pipe line in the farming district was demanded by that portion of the colony and by the same names practically that are signed to this present petition. They have now discovered the error of the fight they made so strenuously in 1913 when the townsite was just starting."

On Friday night last, the members met at Bolton Hall for the purpose of organization and drill. Mr. Costello was chosen captain—a man of long experience in army service. The men were put through the manual of arms practice. They expect to drill quite often for the present and will gladly welcome any others who wish to join.

Dr. S. P. S. Edwards, an old time resident of this place, now of Ontario, made a visit of a few days last week to renew old friendships and look after his property. Mrs. Edwards, who was with the doctor, was a guest of honor at a reception and luncheon by Mrs. Woodrow on Pine street, where many of her old time friends were invited to meet her.

At the regular last Sunday night meeting at Bolton Holl, after song service and a talk on what and who are heroes by the Rev. Mr. Weiman, Mr. Maxwell followed with a very interesting talk on Christian Economics. It is the purpose of Mr. Maxwell to give a talk every Sunday evening on the plan of better things for mankind. Mr. Maxwell has a real message to offer on the things that are good. He is an interesting speaker, and the Hall should be filled every night.

The many friends of Mr. and Mrs. Barney Barkley will be glad to know that Mrs. Barkley who has been in the hospital for eight weeks is now improving very rapidly under a special nurse.

Mr. George Osburn and family motored to Santa Monica last Sunday via Calabasas and the Topanga canyon. They pronounced the drive through the canyon as very delightful.

The following named young men from this valley have just recently enlisted. Bruce Parmenter, Eustice Rowley, Darwin Kirschman, Robert Kirschman, Martin Spencer Frank Green, Wallace Weiman, and Percey Dewello. Several other well known boys are expecting to enlist very soon, "Brave boys were they Gone to their country's call." We will miss you, but we'll not forget you.

Dean & Co. report rentals as follows: The J. D. Johnson residence on Pine street to Mr. Johnson and family of Pasadena.

Mr. Stein's new house and garage being built on Monte Vista street are nearing completion. A good job. Give us another one Mr. Stein.

Mr. Geo. Osburn motored to San Diego last week. He reports the exposition city as being very quiet.

Last Saturday afternoon at Manzanita Park was rendered Little Red Riding Hood with dolls as characters, by Mrs. Zakaw. It was given to help swell the school piano fund. Mrs. Zakow is deserving the thanks of the colony for the interest she took in adding to the fund.

Who wouldn't stand up for the Flag when the inspiring music of the Star Spangled Banner is played as our own band plays it? Echo answers that every true American should who are living under its protection, and every one whether Americans or not, who are receiving the benefits of our country and its laws should always honor it by standing, or move out.

Mr. Fisher, the well known feed and fuel man, is sporting a new auto truck. Who says we will not get feed and fuel on time now?

Episcopal service was held in the school house last Sunday, conducted by Rev. Reneson.

Rev. Dana Bartlett, member of the city housing commission of Los Angeles, will give a lecture in Bolton Hall next Tuesday evening, April 24, on city planning. Let all who are interested in civic affairs for our town come out and hear him.

The Christian Endeavorers are getting up a box of clothing for the county hospital. Those having contributions to make in this line can deliver them at the home of Mr. Weiman or bring them to the Christian Endeavor meeting next Sunday evening.

The Home Guards met Tuesday night at Bolton Hall for their triweekly drill.

Mr. Michel, an old time resident and property owner, has returned for a rest and recreation, having been ill for some time. He is stopping at the home of Mrs. Coburn on Stevensway.

Mr. Eagler, a former resident of Sunland, now of Santa Monica, was looking our town over this week for the purpose of buying property. These hills and valleys "sure do lure."

An auxiliary of the Los Angeles Red Cross society is being formed in Tujunga. Persons desiring to join can send their names to Mr. Curtain, the secretary. There are several branches which will be more fully explained by another week. Mr. Curtain, who has had fifteen years' experience as a trained nurse in New York hospitals, will give fifteen first aid lessons Thursday evenings at 7:30 sharp at the school house. The women will meet at the same place from 10 to 12 on Saturdays for sewing and knitting.

We again had the pleasure and privilege of hearing Charles Mason Remey, of Washington, D. C., who was with us last December, and who spoke last Sunday afternoon in the schoolhouse to a number of our people. Mr. Remey spoke on the subject of Religious Unity and among other things said that a careful study of the matter will show that the differences between religions is mainly caused by prejudice (racial, political, etc.) and the abolition of all prejudice is necessary before religious unity can be firmly established. Consort with all people with love and fragrance. Fellowship is the cause of unity, and unity is the source of order in the world. Blessed are they who are kind and serve with love. The root of all knowledge is the knowledge of God. O ye discerning ones of the people! Verily the words which have descended from the heaven of the Will of God are the source of unity and harmony of the world. Close your eyes to racial differences and welcome all with the light of Oneness. Be the cause of comfort and promotion of humanity. This handful of dust, the world, is one home; let it be in unity. Forsake pride, it is a cause of discord. Follow that which tends to harmony. In this day he who seeks the Light of the Sun of Truth must free his mind from the tales of the past, must adorn his head with the crown of reverence and his temple with the robe of virtue. The heart must become free from the fire of superstitions, that it may receive the light of assurance and that it may perceive the Glory of God.

Mr. Remey also gave an outline of what are known as the basic principles of the Bahai Movement, one of the most widespread movements to-day for the teaching of Universal Brotherhood. These principles are: the oneness of the world of humanity; independent investigation of truth; the foundations of all religions is one; religion must be the cause of unity; religion must be in accord with science and with reason; equality between men and women; prejudice of all kinds must be forgotten; universal peace; universal education; solution of the economic problem; a universal language; an international tribunal. These basic Bahai principles were laid down by Baha'o'llah sixty years ago and are to be found in his published writings of that time.

Miss Culver, at whose home the local meetings of the Bahai Movement are being held, has decided to remain in Tujunga for some time and wishes us to say that meetings will continue to be held at her home each Sunday afternoon at half past three, and that all who are interested in a movement to establish Universal Brotherhood and in the promotion of the Oneness of the World of Humanity will be most cordially welcomed.

La Crescenta continues to grow. Two new homes are being built on Montrose Avenue and one on Los Angeles Avenue.

Next Tuesday we will have with us Pudd'nhead Wilson, one of Mark Twain's famous creations. This story is unique in the annals of American humorous literature and is said to be the first piece of fiction which made use of the now familiar finger-print method as a means of establishing identity. It is melo-dramatic-romantic and suffused with a deep note of human sympathy and interest. Pudd'nhead Wilson, the southern lawyer from whom the play takes its name, is a character that is genuinely alive and his crisp sayings are quoted everywhere. Theodore Roberts, who takes the leading role, is particularly fitted to bring out the subtle humor of Wilson, who swayed a whole community with his personality during an exciting trial and finally establishes the innocence of a youth unjustly accused. There is also a love story running through the play.

Thursday, April 26, at 8 p. m. there will be held in the school auditorium a Big Rally Meeting to organize a chapter of "The Red Cross." There will be good music, lots of it, excellent speakers and fine singers. There will be no admission fee and everybody in the valley and from near and far, men and women, old and young, is invited to be present and join with us to show our willingness and desire to help in this our national time of need. Come out, one and all, and display our patriotism.
